

Serial No.: N/A
Preliminary Amendment

Amendments to the Specification:

Please replace the second paragraph on page 29 with the following amended paragraph:

Numeral 8 designates ~~four (sic) coiled heater springs~~ one coiled heater spring, both ends of which make contact with the conduction plate B 24 and the heater cover 18b, respectively. One end of the heater spring 8 is inserted into a dent portion provided in the heater cover 18b so that its installation position is not dislocated. The heater spring 8 applies force to the conduction plate B 24, the heater 5 and the conduction plate A 15 upward to force them against the heating plate 6. The heater spring 8 and the heating plate 6 are used to determine the vertical positions of the conduction plate B 24, the heater 5 and the conduction plate A 15.
